

THE WINNER'S CIRCLE

There was a time I would not have believed it if someone told me that, in seven short months, I would be writing my *Eye on Arbonne* story and driving a brand-new Mercedes-Benz. Such thoughts were more like a dream than a possibility. Today, I am living out my dream and my life is wide open to all the possibilities I can think of.

My Arbonne journey began in September 2005, when my co-worker and good friend, ERVP Holly Mosher, came home from a rodeo trip all excited about some fabulous, botanically-based line of products and the wonderful business attached to them. To be completely honest, at first, I just rolled my eyes and gave Holly the hand. Since I did not use skin care products, I was not very receptive.

After going on our very first "real" family vacation with my husband and two children in October 2005, I realized that we had a whole lot of living to do; and that would take more time and money than both my husband and I were making with our full-time jobs. This got me thinking back to what Holly had told me about Arbonne. When I came home, I asked her if I could try the NutriMinC® RE™ anti-aging skin care line. What a shock I had. I could see the results almost immediately. What intrigued me most was the opportunity. I have known Holly for the past 20 years and have never seen her so passionate about anything other than her horses. That is, until Arbonne entered the picture. So, I knew that I had to do this with her. After all, I did not want to be left in the dust wondering a year from now why I did not grab a hold of the opportunity of a lifetime when it was first introduced to me.

I started my Arbonne business on November 1, 2005, and have never looked back. I promoted to DM on December 31, 2005. Then, in the

beginning of March 2006, I attended an RVP Mercedes-Benz car presentation for my upline, NVP Brook Robertson, and six other Canadian RVPs in Calgary, Alberta, Canada. Little did I know when I left that weekend in Calgary how inspired I would be. I was able to meet and listen to amazing President Rita Davenport. In fact, Rita braved Calgary's winter so she could come up and inspire us with her words. We also listened to amazing speakers in my upline, such as ENVP Sonja Shields, ENVP Deana Wilkinson, ENVP Erin Krogstad, ENVP Alicia Dewey and, of course, the amazing Dr. Shad Helmstetter. What I learned that weekend was, "The only way to lose with Arbonne was to quit." I came home inspired and determined to make my Arbonne business grow. I promoted to Area Manager on April 30, 2006 and completed RVP qualification on May 31, 2006. I felt like a winner.

I have so many people to thank who have made this an incredible journey thus far.

To my wonderful mom who passed away too early in life: Thank you for instilling in me the confidence to know that I could be anything I wanted to be when I grew up. If you could only see me now! I love and miss you.

To my good friend, ERVP Holly Mosher: Thank you for introducing me to Arbonne and for believing in me. I appreciate your wonderful leadership, support and encouragement. I have said this before and I will say it again, “You are my hero!”

To my good friend, EAM Susan Slater: I am so glad that you decided to do this with me. Although we had drifted apart, Arbonne has made it possible for us to renew our treasured friendship. You are such an enthusiastic individual with an amazing team. I cannot wait for you to drive up to our meetings in a new Mercedes-Benz. We will save you a spot!

To my good friend, EDM Christy Waldie: I knew that when you decided to do Arbonne, there would be no holding you back. You truly are an amazing friend. Please thank Shayne for me for loving Arbonne’s NutriMenC™ RE® REsurface Shave Gel.

To my greatest supporter, my wonderful husband, Frank: You have been behind me 100 percent since I started this journey, even though you took your fair share of “ribbing.” I love you and look forward to many more years together making our dreams come true with Arbonne.

To my amazing daughter, Shelby: Thanks for all your help at my Presentations and for being “my little Arbonne girl.” To my great son, Cody: Right from the start, you believed in Arbonne. Thanks for always telling everyone you encountered about your mom’s Arbonne business. I love you both with all my heart.
